Over 750 Separate Items

Are listed in this index covering all the more important phases of the rubber industry's activities as reported in THE RUBBER AGE during the past six months. Each year two such indexes are issued.

In addition to the items listed in each index, many hundred additional news events and personnel notes are published in the magazine during the period covered. This printed record serves as an indication of the completeness of the current news, technical, statistical and market developments of the domestic and foreign rubber industry reported in each issue of THE RUBBER AGE—*the only twice-a-month rubber publication.*

Annual Subscription in U. S., $2.00; Canada, $2.50; Foreign, $3.00
